
Boomz Private Server English

9 hours ago - Want to play official games on private servers ? Here you are! Valve has released an update in the client for players, where you can access private servers. Previously, you had to buy a subscription for this, but now the developers have decided to make the service free. All you need to do is download the archive and it will give you access to private rooms where you can play on servers with different modes, skins and game modes. However, there is one condition - you must subscribe to the "Arena", which provides access to a private server.

The release of Update 21 and the end of the Boomz days are in sight. Much has changed since the release of the August.
